a
b
c
d
e
precursor cell
stuff accumulating cell
barrier cell
supportive cell
defensive cell
circulating cell
motile cell
secretory cell
contractile cell
nucleate cell
electrically active cell
electrically responsive cell
somatic cell
endocrine cell
biogenic amine secreting cell
phagocyte
lining cell
non-terminally differentiated cell
exocrine cell
stem cell
professional antigen presenting cell
single nucleate cell
electrically signaling cell
peptide hormone secreting cell
protein secreting cell
connective tissue cell
serotonin secreting cell
glucagon secreting cell
pancreatic endocrine cell
hematopoietic cell
germ line cell
neural cell
extraembryonic cell
insulin secreting cell
epithelial cell
embryonic cell
germ cell
trophectodermal cell
neuron
leukocyte
neuron associated cell
blood cell
primordial germ cell
glandular epithelial cell
pericyte cell
early embryonic cell
germ line stem cell
duct epithelial cell
epithelial cell of pancreas
meso-epithelial cell
hematopoietic precursor cell
myeloid cell
hematopoietic lineage restricted progenitor cell
dendritic cell
germ line stem cell (sensu Vertebrata)
male germ cell
glial cell
myeloid leukocyte
morula cell
dopaminergic neuron
central nervous system pericyte
epithelial cell of exocrine pancreas
efferent neuron
endothelial cell
central nervous system neuron
enteroendocrine cell
neuron associated cell (sensu Vertebrata)
female germ cell
nongranular leukocyte
cerebellar neuron
oocyte
brain pericyte
pre-conventional dendritic cell
pancreas exocrine glandular cell
CNS neuron (sensu Vertebrata)
mononuclear cell
conventional dendritic cell
type B pancreatic cell
motor neuron
glial cell (sensu Vertebrata)
type A enterocrine cell
male germ line stem cell
spinal cord motor neuron
male germ line stem cell (sensu Vertebrata)
peripheral blood mononuclear cell
macrophage
lymphocyte
radial glial cell
pancreatic A cell
tissue-resident macrophage
innate lymphoid cell
T cell
mature T cell
alpha-beta T cell
group 3 innate lymphoid cell
central nervous system macrophage
group 2 innate lymphoid cell
group 1 innate lymphoid cell
natural killer cell
microglial cell
mature alpha-beta T cell
CD8-positive, alpha-beta T cell
